Like the Inventory of the Ark

On this news page today is an inventory of the people and animals and things that are in the Southwestern Proving Ground reservation and that will have to be moved—a human document as dramatic as the inventory of Noah's Ark.

Texarkana Has Union Control on Carpenters

But Open Shop Here Likely; Camp Robinson Unionization Denied

With Texarkana union carpenter chiefs claiming jurisdiction over the southwestern Proving Ground area, local labor front Friday apparently had resolved itself into a battle between Hope and Texarkana as to which city would control the estimated \$100,000 a week payroll on construction of the local war plant.

The labor issue itself was seemingly reduced to a secondary role, local carpenters, including the 15 men who originally petitioned the Indianapolis (Ind.) headquarters of the A. F. of L. union carpenters for a Hope charter, went on record last week as favoring either a Hope-managed union or an open shop.

Official construction circles are soiled about labor policy, but informed quarters have given off strong hints that the Proving Ground would be built on an open shop basis.

Deny, Camp Robinson Union — A statement in yesterday's Star by Mr. McConnell and Mr. Bates, said the Little Rock organizers here on business, that Camp Robinson was organized on a union shop basis was flatly denied Friday by A. M. Rettig, Hope man.

Mr. Rettig, former carpenter and now a contractor in his own name, told The Star that he worked at Camp Robinson during the latter part of its construction, and was later transferred to Fort Leonard Wood. Mr. Rettig's job was in the 161st Field Artillery area at Bates, said the Little Rock organizers here on business, that Camp Robinson was organized on a union shop basis was flatly denied Friday by A. M. Rettig, Hope man.

Texarkana Claims Control — TEXARKANA—Reports that Texarkana had offered Hope carpenters aid securing an AFL union charter for a fee of \$40 were described as untrue here Thursday night by Jesse Bentley, business agent for Texarkana's carpenters' union, who declared that Texarkana had nothing to do with granting any local union a charter.

"The national headquarters at Indianapolis, Ind., alone has authority to grant charters," Bentley said, "and the cost of a charter is \$15. I don't know why they haven't heard from the Indianapolis office regarding their application for a charter, but it is not true that Texarkana has made efforts to block their obtaining a charter."

Bentley explained that before Hope carpenters applied for a charter, the Texarkana union was granted jurisdiction over construction of the southwestern Proving Ground by the national office. Regardless of whether Hope obtains a union charter, he said, new union workmen on that job must pay their initiation fee of \$50 to the Texarkana union.

Carpenters in Hempstead county will be given preference on the job, naturally, he said, and the fact that Texarkana has jurisdiction will not cause any questions to be decided in favor of outsiders.

Aluminum Drive to Start Here on Tuesday

Will Canvass Wards One and Four Tuesday; Two and Three Wednesday

Heads of the Boy and Girl Scout organizations met in the city hall Friday morning with Mayor Albert Graves and planned Hope's participation in the national campaign to gather up old aluminum utensils for National Defense, which campaign starts next week.

Boy and girl scouts will canvass the homes of the city, while municipal trucks follow them down the streets and pick up all the articles that housewives are willing to part with.

The aluminum pieces will be piled up on the postoffice lawn for public exhibition.

It was agreed at Friday's meeting that Wards One and Four would be canvassed Tuesday July 22, and Wards Two and Three on Wednesday, July 23. Scouts assigned to the various wards are asked to meet at the city hall at 9 o'clock on the morning of their canvassing day.

Housewives of Hope are asked to co-operate by taking an inventory of their homes now and selecting what- ever old aluminum articles may be spared. They are asked to place these on the front porch the morning the canvass will be made in their section of the city—Tuesday, if you live in Wards One or Four; Wednesday if you live in Wards Two or Three.

Attending Friday's meeting with Mayor Graves were: Mrs. James McLarty, Mrs. J. O. Milam, Mrs. B. E. McElahan, Mrs. Bernard O'Dwyer, Clyde Coffee, Wingfield Stroud, Linus Walker, A. H. Washburn for The Star, and young Johnny Gibson.

Lear Is Upheld by War Dept.

General's Disciplinary Action Is Sustained

WASHINGTON —(AP)— Undersecretary Robert P. Patterson said Thursday the War Department considered "a closed incident" the disciplinary measures meted out by Lt. Gen. Ben Lear to troops who yoo-hoed at Memphis golfers.

Patterson said Lear, commander of the 2nd Army, had submitted a report and added it would not be made public.

"We always support our generals," Patterson said. "Where would our discipline be otherwise?"

Expressing impatience with the wide spread public interest in the incident, which involved a 15-mile march of troops, Patterson said that "there in the War Department we have matters of far more pressing importance."

"The incident has been dignified far beyond its importance," he said. "If there was a further hullabaloo over this we would have little time for anything else."

General Lear witnessed the yoo-hoing incident while playing golf and immediately cracked down with his punishment.

Elberta Crop to Move in Week

Demand for Early Varieties of Peaches Is Strong

NASHVILLE — With no car load movement of the early variety of peaches from the district since last Monday, orchardists of the district are getting a breathing spell before beginning the harvest of their big crop—the Elbertas. The last of the Beauty peaches were absorbed by trucks and the demand was much greater than the supply.

A few scattered orchards were reported to be harvesting the first of the Elbertas Thursday, but this pick- ing was very light in all cases, and most of the orchards will have nothing to pick until next week. It was reported that most of the peaches picked were faulty.

Heavy picking of the Elbertas is not expected to get under way before the latter part of next week and the peak of the harvest will not be reached until the following week, with the harvest running well into August on most of the orchards, if weather conditions remain favorable.

Wage Increase for 14 W. & L. Plant Workers

To Enforce 2 Hour Parking Limit; Turner Is New Night Police Chief

The Hope city council voted Tuesday night to increase the salaries of fourteen municipal Water & Light plant employees in an executive session at the city hall.

The following salary scale, representing an increase of not less than \$5 per month to a single employee and not more than \$20 per month, was approved:

Florence Hicks	\$120
D. B. Phillips	135
Ruby McKee	80
Dennis Bell	125
Herbert Lewallen	100
Norman Moore	125
Lee Graves	125
Clyde Martin	95
Hubert Elliott	110
Jack Felding	90
W. E. Butler	90
Fred Fromby	95
R. Gentry	95
Bill Mann	95

Electrical Survey — A motion was made and passed to employ an engineer to make a survey of the cost of installing an additional boiler to furnish electricity to the Southwestern Proving Ground.

Chief of Police F. V. Hagline was instructed to enforce the two hour downtown parking limit.

John Turner, member of the police force was promoted to night chief at a salary increase of \$10 per month.

Elbert Jones, local plumber, was employed as city plumbing inspector.

The council voted to reject all bids for construction of a \$4,000 exhibit hall at Fair Park.

Sid Bundy was granted permission to construct a gasoline service station on North Hervey street just across the Pisco railway tracks. No action was taken on Mr. Bundy's request that the city lay a water line to serve three oil companies in that area.

Dr. P. B. Carrigan, speaking in behalf of a health committee, said Hope was one of the dirtiest towns he had ever seen. He pointed out numerous piles of debris in alleys. He recommended that the city build toilets and drinking fountains downtown. He presented a blueprint of the proposed toilets to be constructed for council approval.

33 Indicted for Espionage

Only 7 of Total Plead Guilty to Spy Charges

NEW YORK —(AP)— Seven of 33 indicted on espionage charges linking them with the German government pleaded guilty in federal court at Brooklyn Friday while the others pleaded innocent, with the exception of two who failed to appear.

All were arrested within the last three weeks in what federal officials called the nation's biggest spy suspect roundup. Federal judge Gals-ton set bail at \$25,000 each for those who pleaded innocent and set Sept. 23 as the trial date.

Roosevelt to Urge Extension

Will Ask Congress to Hold Selectees, Guards in Service

WASHINGTON —(AP)— President Roosevelt disclosed Friday that he would send to congress next week a message urging extended service for selectees, national guardsmen, and reserves.

He spoke at a press conference of the "necessity of avoiding complete disintegration of the army" and said the burden rested on the congress.

Asked whether he would recommend also that draftees and guards be authorized to serve outside the Western Hemisphere he replied negative.

Berlin Claims Capture of Smolensk

As Germans claimed capture of Smolensk, half-way between Berezina River and Moscow, this German-approved photo was radioed from Berlin to New York Friday showing, according to caption, German detachments using rubber boats on Berezina River while riverside background blazes behind retreating Russian troops.

Konoye Heads Jap Cabinet

Naval Expert Replaces Matsuoka, Axis Friend

TOKIO —(AP)— Prince Konoye, Friday, formed a new streamlined cabinet with half of its members generals or admirals and declared that the "Empire's policy for coping with the international situation already had been fixed and now remains to be put into practice."

What action this protended the premier did not disclose but in a statement to the nation he called for unity "because with the rapid change taking place in the world affairs the mission of our country is growing heavier and heavier."

Foreign Minister Yosuke Matsuoka who concluded a neutrality pact with Russia after aligning Japan's policy with the Axis was ousted. He was succeeded by a prominent naval expert, Teijiro Toyoda, whose foreign policy outlook is little known.

The Chinese press at Hongkong said the chief movement of the new cabinet would be to tear up the neutrality pact with Russia.

Roosevelt Wall — The foreign office controlled Japan Times and Advisor said Saturday a Roosevelt wall is being built to strengthen Japan's east front which threatens "the safety of this empire" and that the time to take measures in her own interest "is now before the throttling circle becomes too strong."

Jack Fuller Betts, 10, Drowns in Brick Clay Pit

Jack Fuller Betts, age 10, drowned in the Hope Brick company clay pit located 5 miles south of Hope late Thursday afternoon.

His body was recovered 30 minutes after the accident. There were no witnesses.

Surviving young Betts are his parents, Mr. and Mrs. Erwin Betts, and his grandfather, Arthur Fuller of Hope.

Rain Threatens to Bog Down Hitler's Forces in Russia

Nazis Claim Important Gains; Russians Assert No Change on Front

By the Associated Press

The rain drenched bloody war front threatened to bog down Adolf Hitler's armies at a critical moment in the 27-day-old war but the Nazi high command reported "gigantic battles on the east front are developing in our favor in all directions."

By contrast the Soviet high command said that after violent all-night fighting the Red armies were still holding all "vital positions with no significant changes in the vast struggle of 9 million men."

Authorized sources in London said the Nazi juggernaut drive toward Leningrad and Moscow had "not been completely halted" but said the Russians were counter attacking fiercely in several sectors.

Dispatches from Berlin said the German columns driving toward Leningrad had captured a Russian airplane depot with 1,500 planes and also seized 4,000 horses, 1,000 trucks and 1,000 prisoners amid heavy losses.

DNE, official German news agency, said a "whole battalion of women" in the Red army forces defending the route to Leningrad, had been captured.

In London official quarters said the German armies and airforce were threatening with an acute shortage of oil and fuel if the Russian campaign continued through September.

Already, the sources said, Nazi supplies have been severely cut by the invasion of the USSR and by air bombardment of the Polish oil fields in Rumania and supplies captured in the Nazi sweep across western Europe have been used, it was indicated.

U. S. to Build Many Ships

Will Bring Supplies to England Hopkins Says

LONDON —(AP)— The United States is going to build enough ships to bring goods to England and into every theater of the world where democracies are fighting Adolf Hitler," Harry Hopkins, supervisor of the lease lend program said Friday.

Here on official business Hopkins told a press conference that an estimated 10 billion tons of merchant ships would be constructed in 1941 and another 6 billion in 1942.

Hopkins said American ships could, of course, go to Iceland and declined to discuss whether transportation of war supplies to allied merchantmen there would be contemplated on a large scale.

Blevins Man Asks Sentence Set Aside

LITTLE ROCK —(AP)— Rex McDonald, Blevins, asked the Arkansas supreme court Friday to set aside the one-year prison sentence imposed upon him in Hempstead circuit court on grand larceny charge.

Land Offices Not to Move

Will Remain at Courthouse for Farmers

H. B. Grace, project manager of the land acquisition project for the Southwestern Proving Ground announced Friday that the land and appraisal offices would remain at the Hempstead county courthouse.

It was originally planned to move the office to the High school headquarters in connection with other Proving Ground offices. However, since two additional rooms are available the board thought it would be more convenient to maintain offices in the courthouse, across from the courtroom on the third floor.

"We invite farmers or landowners to discuss their problems with us pertaining to the purchase of farms, crops and we will advise and aid in every possible way," the project manager said.

Tol-E-Tex Oil Truck Burns

Catches Fire Thursday Night North of Little Rock

LITTLE ROCK — Fire believed to have started from defective wiring under the hood destroyed a gasoline transport truck on route from Conway to Hope 16 miles north of Little Rock on Highway 65 about 10 last night. The gasoline tank was empty.

Ralph Hunt of Hope, driver of the cab, was not injured but failed in his efforts to extinguish the fire which tied up traffic on the highway. The truck was owned by the Hope Tol-E-Tex Oil Company. Hunt was returning to Hope after making a delivery to Conway.

Deputy Sheriff W. L. Shelton of Levy said the cab and motor of the truck were destroyed but the gasoline tank was not damaged. State Patrolman Blucker also investigated.

Gov. Adkins' Office Gives Aid Assurance

424 Families Must Move From Proving Ground Inventory Complete

BULLETIN

Rep. Talbot Feild, Jr., said at 4 o'clock Friday afternoon that Governor Adkins' office had just telephoned him that 45 National Guard tents would be in Hope Saturday morning for the temporary housing of families ousted from the Southwestern Proving Ground reservation.

Governor Adkins, his office told Mr. Feild, went to Camp Robinson late in the afternoon to locate an additional 55 tents to make a total of 100.

The 45 National Guard tents will be brought here Saturday from Conway by State Highway 66 and other 55 tents, if available, will be delivered here Monday, the executive office told Mr. Feild.

In a telephone conversation with the governor's office late Thursday afternoon Rep. Talbot Feild, Jr. told The Star Friday that he had been assured by William Yarberry, Governor Adkins' secretary, that every possible means will be exerted by his office to aid farm families who have to evacuate the Southwestern Proving Ground area.

Asking for 300 family-size tents—100 by Monday—for families who will have to move by next Thursday, Mr. Feild said he was assured that the governor "would take care of it."

Stressing the need of 100 tents not later than Monday Rep. Feild called that the governor's attention be called to the request so that approximately 100 families would have some place to live temporarily.

A Human Inventory Exact figures appeared Friday as the County Emergency Relocation Committee, headed by County Agent Oliver L. Adams, completed its survey of Proving Ground problems. A copy of the survey given to Mr. Feild as a member of the House of Representatives Defense Committee shows:

There are 424 families in the Proving Ground reservation proper, not including the newly-added but undefined military airport are west of the Hope-Nashville highway. The 424 are divided into the following classifications:

Landowners 117; tenants 98; sharecroppers 149; wage-hands 60. The number of persons of workage is 1,949.

Their land is planted as follows: Corn 4,145 acres; cotton 3,809 acres; truck crops 610 acres; other crops 2,221 acres.

Twenty-four farmers have made definite arrangements for moving, have made no arrangements whatever. Living in the Proving Ground area is: Work stock 574; dairy cows 638; beef cows 226; hogs 644; poultry 14,280.

Asked whether they have available pasture outside the Proving Ground area, 26 farmers replied "yes" and 398 replied "no."

Short on Money Of the 424 farmers, 22 said they have money with which to look for new locations, and 402 said they have no money.

Fifty-five have money for immediate living expenses; 369 do not. Thirteen have money to buy another farm; 411 do not.

Most of the 424 said they want to relocate within Hempstead county or southwest Arkansas.

Asked whether they have facilities for moving household goods, equipment and livestock, 88 farmers said "yes," utilizing wagons mostly; and 336 farmers said they had no facilities.

1. "First call" wakes the soldier up. By "reveille" he must be up and dressed and ready for inspection.
2. "Mess call" announces breakfast, lunch and dinner.
3. "Retreat" is played as the flag is lowered at the army post, usually at 5:30. Soldiers line up by companies for the ceremony.
4. "Call to quarters" and "tattoo" precede the playing of "taps" at night. Their purpose is to get soldiers in bed by the time "taps" blows.
5. The guard on duty, or the cook, who gets up a couple of hours before the rest of the camp, may be the one to wake up the bugler. Often he wakes himself with a clock.

A Toy Boat Becomes a Fleet

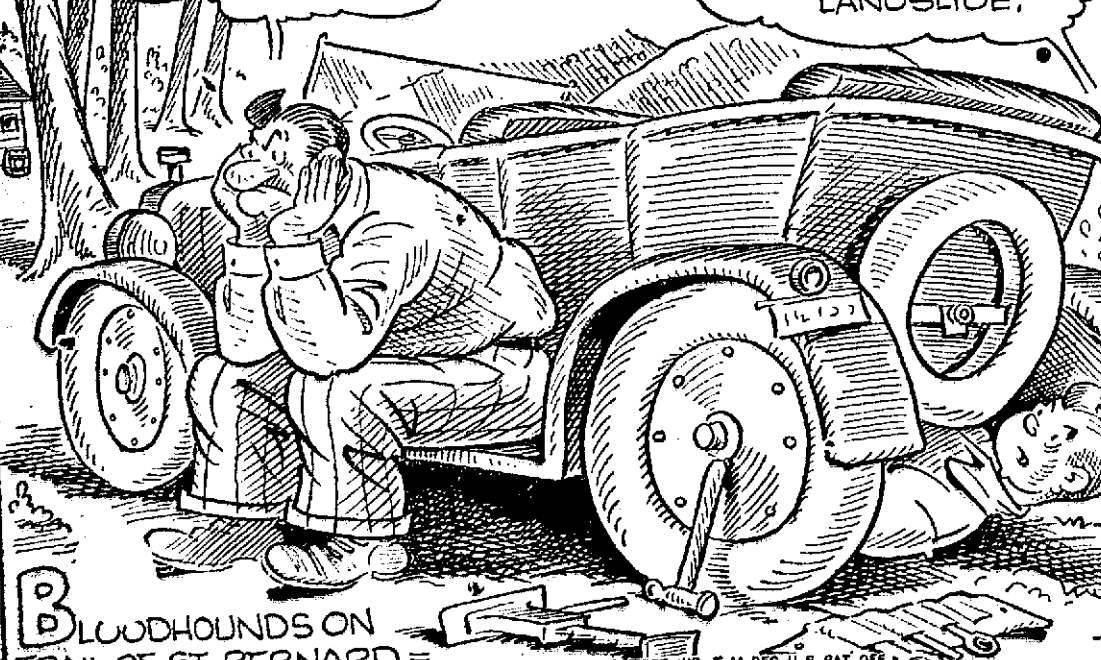

NEW YORK —(AP)—Radio announcer Ben Grauer, sailing in Long Island Sound, dumped aboard a toy boat tagged "Ben Grauer, commodore. Return for reward." Several days later a girl in East Portchester, Conn. wrote she had found the boat and would return it. Grauer sent her a dollar.
Three days later, Grauer received letters from a dozen other East Portchester children, all claiming to have found similar boats.

SERIAL STORY

MURDER IN CONVOY

BY A. W. O'BRIEN

COPYRIGHT, 1941,
NEA SERVICE, INC.

YESTERDAY: Lieutenant Rollins resolved to get better acquainted with the pretty nurse, learns her name is Joan Dwyer. He becomes her partner in a bridge tournament aboard ship. Later they take a stroll around the deck, meet Rollins' friend, Captain Tees, who is introduced to Joan. Rollins is awakened later by an orderly, told to report to the colonel's quarters at once. There he is told that Captain Tees has just been murdered.

LIEUTENANT ROLLINS LIES

CHAPTER V

THE Court of Investigation got underway in "B" lounge at 9 o'clock the morning of Captain Tees' murder.

Colonel Stephenson himself presided and, upon his invitation, the tribunal was completed with Captain Vincent Murdoch, a former senior crown prosecutor of Toronto, and Lieutenant Harry Miley, who had also been a lawyer.

Captain de Watt, medical officer, testified that he had been summoned to "A" deck about 3 o'clock that morning.

"I found Captain Tees lying just inside a door under a corridor light. I was informed by the orderly officer then on duty, Lieutenant Timmons, that he had found the captain on the deck. It was pitch black and due to black-out regulations he could not use his torch. They carried the captain inside and summoned me.

"It was almost immediately evident that Captain Tees was dead. 'The deceased had been stabbed in the throat. It was a strong plunge and . . .

Dr. and Mrs. Thomas Brewster and Mrs. L. A. Foster will leave Sunday afternoon for Montreat, North Carolina to attend the Presbyterian meeting.

Mrs. William McGill of Lewisville was the guest of her parents, Mr. and Mrs. T. R. Billingsley, Thursday.

Mr. and Mrs. Leland Reid of Washington D. C. were recent guests of Mrs. Reid's Hendrix school friend, Mrs. Webb Laseter Jr.

Mr. and Mrs. H. L. Patty and children, Betsy and Susie, of Forrest City were Wednesday guests of Mrs. Patty's sister, Miss Olive Jackson.

Lt. J. T. Bowden of Warren spent the week-end with relatives and friends.

Mr. and Mrs. R. L. Gosnell and Mrs. E. O. Wingfield have returned from an extensive motor tour of the East. While in Washington D. C. they visited Miss Sara Ann Holland.

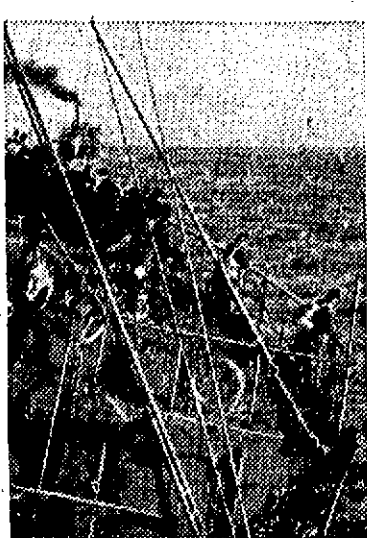

Friends of Mrs. Arch Cannon will regret to know that she is ill at her home on East Second street.

Mr. and Mrs. T. J. Matthews and son, Tom Jr., of Alameda, Calif., will arrive this week-end to be the guests of Mrs. G. B. Morris and other relatives and friends.

Mrs. G. B. Smith of Austin Texas, is visiting her mother, Mrs. J. M. Phillips.

Mr. and Mrs. J. W. Strickland had as a Thursday guest their niece, Miss Marian Chubbless of Cisco, Texas. Mrs. Chubbless was en route to her home from George Peabody college.

lying face down on the deck with his arms beneath him.

"I tested the arm pits and found definite traces of warmth although the rest of the body was cold, quite cold. The arm pit warmth, in view of the body's general coldness, told me the deceased had been dead quite some time less than four hours. The total absence of post-mortem lividity made the opinion definite. The stiffening would indicate about two hours. So, putting everything together, I can positively state that the murder must have occurred at or close to 1 o'clock—or two hours previous to my being summoned."

"Oh, pardon me," The M. O. Japsed from his dull professional monotone and displayed enthusiasm for the first time. "I had reported verbally to the colonel shortly after the body was discovered and forgot that you were not aware of the details. I arrived at the conclusion from two findings. In the first place there was an absence of post-mortem lividity."

"Please explain," interrupted Lieutenant Miley.

"By post-mortem lividity I mean the ashen hue of death which would normally be evident in such a cold temperature within approximately four hours after death . . . Captain de Watt looked at Miley who nodded.

"The absence of that lividity indicated that the deceased had died some time less than four hours before. My second finding was made after the orderly officer described the position of the body as he found it. The deceased was

"I looked at the three officers with a tinge of professional pride. 'Your conclusion seems entirely logical,' commented the colonel. 'Now did you, by any chance, think of testing the victim to determine whether he had been drinking?'

"Yes, Sir, I conducted a test shortly afterwards in the surgery of the ship's hospital . . .

"Please describe that test, Doctor."

Captain de Watt shifted his position and began to describe in minute detail the pathological tests he conducted to ascertain whether the victim had been drinking. Even some of the more seasoned officers in the room were forced to wince occasionally.

When he had finished his vivid description, the colonel inquired, "As a result of these tests, were you able to arrive at any definite conclusion?"

"Yes, Sir."

"What was that conclusion?"

"The deceased had positively not been intoxicated nor was there any evidence of his having taken any alcoholic drink for several hours previously."

Lance Corporal Slater, owner of the bayonet that had figured in the killing, told his story in forthright fashion. He had been on sentry duty on "A" deck until midnight. About 11:20 the ship's roll was sickening him, and he had taken off his overcoat, hanging his belt with scabbard and bayonet attached over the deck railing. In plain battle dress, he had walked to the fore end where the lashing spray seemed to help him. He stood there for about 30 minutes before returning to where he had left his equipment.

Then he noticed the bayonet was missing. Thinking it had slid across the deck into the trough by the rail, he went to look then noticed, for the first time, a man's figure in the shadow of a lifeboat. The wind was howling loudly and apparently the man—he seemed to be an officer—hadn't noticed the sentry. Slater, on the other hand, figured he might have to explain the lost bayonet by admitting he hadn't been doing his full "rounds" and decided to let the bayonet go until first thing next morning.

LIEUTENANT GREGORY ROLLINS

was haggard—his usual zip seemed to have gone from his step as he marched into the lounge and saluted the court.

"You were speaking to the late Captain Tees about 11:30 o'clock last night, right?" the tough colonel spoke with astonishing gentleness.

"Yes, Sir. I was getting a breath of air at the stern after playing in the bridge tournament and Captain Tees came along, jokingly asking whether I had ever heard of 'Lights Out.' We walked together to the nearest door and stood inside chatting for a couple of minutes before I left him . . .

"Pardon me, Mr. Rollins," Murdoch interrupted, "but were you standing in the shadow of a lifeboat?"

"No, Captain, I walked directly from the door to the open space of 'A' deck at the stern. And Captain Tees and I walked directly from the stern to the door."

Miley dropped a question. "You were alone at the time Captain Tees found you?"

Rollins paused for a split second. "I was alone," he lied.

SUNDAY SCHOOL LESSON

Christianity and All Good Causes Are Served Best With Tolerant Attitudes

Text: I Corinthians 5:9-13; Titus 2:1-8

By WILLIAM E. GILROY, D. D.

Editor of Advance

This lesson is in two parts, one of which might be called negative and disciplinary, and the other idealistic and constructive.

The first part from Paul's first letter to the Corinthians deals with the matter of discipline within the Church. Paul makes a wise distinction between relationships within the Church and relationships of members toward others in the world outside.

Paul had written the Corinthians that they should have nothing to do with those whose practices were contrary to Christian morality and teaching. Some evidently had interpreted this to mean that Christians should virtually retire from the world or assume a harsh and censorious attitude toward all with whom they came in contact.

Paul points out that this was not what he meant, that to assume such a course it would be necessary for Christians to go out of the world. What he did mean was that within the Church there must be no com-

promise with immoral and evil practice. It seems a sound position to take, but one should point out that such disciplinary measures are capable of abuse even within the Church and that the law of love and Christian forbearance does not justify Christians in harsh judgements and attitudes.

If one reads the earlier history of many churches, the impression spreads that there were individuals whose religion consisted chiefly in the desire that the yoke in disciplining others. In general it may be said that the Church has been far readier to adopt Paul's suggestions about discipline than it has been to put into practice Paul's much more important teaching concerning love as the greatest thing in the world.

A good cause is never well served by intolerant attitudes. There is such a thing as being intemperate, even in our advocacy of temperance. I remember attending some years ago a temperance convention in a large city. I had left the main auditorium to speak for a few moments with a friend in the lobby. While we were speaking, we heard from time to time the loud and raucous voice of a rather intolerant man who was haranguing the crowd inside. My friend, who like myself was a total abstainer and strongly opposed to the liquor traffic, said to me, "I never hear that man advocate temperance without feeling like going out and having a drink."

If a man so thoroughly devoted to the cause could be reacted upon in that way, what must have been the effect upon others? The temperance cause has been served most ably by those who have first of all practiced temperance, and who in Christian living.

I fested the beauties and graces of their total life and conduct have manifested in their letter to Titus. Here he sets forth the things which, as he puts it, "befit the sound doctrine." It is a plea for temperance, sober-mindedness, love, and patience, for well-disciplined, noble living, the sort of thing that will never bring shame upon ourselves or disgrace upon the Church. It is as we make all these constructive virtues evident in our lives that we exert the truest influence on others, while attaining what is best for ourselves.

Laurel, Miss., Widow Wins Palmolive's Slogan Contest

Mrs. J. C. Smith Plans to Use Winnings to Pay Mortgage

NEW YORK CITY—From among the hundreds of thousands of slogans submitted from all parts of the United States and the Hawaiian Islands, the entry of Mrs. J. S. Smith of 1124 Seventh Avenue, Laurel, Miss., was today selected as the winner of the special grand prize of \$5,000 in the unique \$27,500 Palmolive contest which closed several weeks ago and in which each entry also benefited the national Girl Scouts organization.

Several days ago Mrs. Smith, who is a native of Kentucky but has resided in Laurel for the past twenty years, was announced as the lucky winner of one of the thirty daily \$500 first prizes, from among whom the judges made their final selection for today's \$5,000 grand prize.

A widow for the past seven years, Mrs. Smith has been supporting herself and her 17-year-old daughter by acting as secretary of the Laurel Presbyterian Church. She plans to use her winnings to lift the mortgage on her little home, and to send her daughter through college.

In addition to the thirty daily prizes of \$500 each and the 150 second prizes of \$50 which were awarded to entrants submitting the best twenty-five word statements, the Colgate-Palmolive-Peet Company also set aside a series of special awards for the Girl Scouts. Every entry netted the national Girl Scouts 1c, with an additional 1c for the local troops specified. The sponsors also put up a special group of 181 cash prizes totalling \$2,750, for the Scout councils receiving the most mentions.

Contestants from practically every part of the United States were among the lucky winners of the \$50 and \$500 Palmolive prizes. According to the contest rules, Mrs. Smith's en-

try was chosen from among the latter. Following are the names of the twenty-nine other daily \$500 winners: Mary L. Bryant of 339 North Boonville, Ind.; Eleanor England of Pasco, Wash.; Mrs. Edwin R. Johnson of 172 N. W. 29th St., Miami, Fla.; Miss Louise Malcolmson of 12287 Promenade, Detroit, Mich.; Mr. Emory Boren of 6200 Platte Ave., Lincoln, Neb.; Mrs. Athie Davis of 141 N. E. Park Place, Oklahoma City; Bernice Frissell of 5 Macdonough Place, Middletown, Conn.; Mrs. Frances Glasgow of 3111 Oakley Ave., Baltimore, Md.; Virgil R. Barnwell of 5120 W. Markham St., Little Rock, Ark.; Frixie Turner of 9711 French Road, Detroit, Mich.; Mrs. Evelyn Knouff of 2101 W. 78th Place, Los Angeles; Mrs. Lee Deering of 4040 Grand Ave., Western Springs, Ill.; Miss Edna F. Mann of 515 Prospect St., Fall River, Mass.; Mrs. John Waller of 2820 E. 7th St., Kansas City, Mo.; and Mrs. Frank E. Parham of 1183 Garfield, Topeka, Kansas.

Also Mrs. Grace M. Taylor of 923 State St., Fort Morgan, Colo.; Inez Sheerin of County Road, Burlington, Mass.; Mary Wheeler of Shades Cliff Blvd., Birmingham, Ala.; Mrs. Marguerite Hawk of 3314 Gibsonville, Dallas, Tex.; Sara Mollie Wartski of 3511 Burnet Ave., Cincinnati; Mrs. Y. Bob Hope Says a Mirthful in Paramount's 'Caught in the Draft'

Super-Comedy Opens Sunday at Saenger

The All-Out Comedy Blitz on Draftees Co-Stars Dorothy Lamour

Bob Hope, the man who always says a mirthful, is a buck private in Paramount's all-out comedy blitz on Uncle Sam's draftees, "Caught in the Draft," which comes to the Saenger Theater Sunday. Dorothy Lamour, co-starring with the popular screen and radio gagsters in their fourth picture together, emerges as a new figure in the fashion world. For the screen's best "undressed" woman wears 22 changes of smart costumes and makes her first bid for another title, "The Screen's Best DRESSED Woman."

The sparkling Hope-Lamour team is supported by two new comedy recruits, Lynne Overman and Eddie Bracken, who assist Bob in carrying out his one-man assault against orthodox army discipline and military tactics.

Keystone comedy-style tank chases, potato peeling and a wacky campaign to win Dorothy, the colonel's daughter, are only part of the rookie's gag routine that gives promise of something refreshing and hilarious to look forward to when Hope comes to town.

The Lamour allure, judging from her advance photos, seems to have climbed to a new thermometer high. In her fashion front garb, ranging from a negligee to an idea in bathing suits, she outstrips her niftiest sargon, sern-jang and "Road to Zanzibar," fern leaf costume. From advance news reports, Dorothy should have little difficulty in converting her screen role as "the sweetheart of the Army" to the real McCoy.

Bob Hope has registered the only kick against the film. "So far as I'm concerned, 'Caught in the Draft' is the greatest picture I have ever worked in—except for the ending," sighed Hope "I wind up in the picture as a corporal! I wish they would change it to a sergeant. Look at the corporals: First, we had Napoleon; then Mussolini; now—Hitler. I don't want people to get the idea that Hope is ambitious. I'm just a plain guy. I'm not campaigning to take over the Chamber of Commerce—even though they do keep on bragging about the weather."

Comedian Bob Hope Is One of Many 'Caught in the Draft'

Super Paramount comedy, starring Bob Hope and Dorothy Lamour opens at Saenger theater here Sunday.

Much Attention to the New Role of W. Lee O'Daniel

By JACK STINNETT
WASHINGTON — Congressmen and a good many other government officials have their noses to the defense grind-stone, but, like little boys in school when they hear the first notes of the circus calliope, they are casting eyes out the window.

In the case of congress, at all, the glance is toward Texas and what they are wondering is will Gov. W. Lee O'Daniel, newly elected senator to fill the seat of the late Sen. Morris Sheppard) try to play the same topsyturvy with national politics that he has as two-time governor of his state.

About three years ago, a comparatively unknown flour man who never had held public office jumped into the Texas political arena with both feet, a six-piece "hill-billy" orchestra; a wife, daughter and two sons who campaigned with him; a sound truck and frequent radio programs.

He announced his platform was the Ten Commandments and his motto, the Golden Rule. His political power was a \$30-a-month pension for folks over 65, talk of economy and a lot more talk about "the professional politicians." But with that, he blasted his way into the governor's mansion at Austin.

Admitted His Failure

His inaugural was held in the University of Texas football stadium and the crowd was reported at 50,000. Two years later he ran again, using almost the same tactics, but adding to it the frank admission that he had been a failure and asking the people to keep him in office so he could whip the legislature and the "professional politicians" into line. Once more it was O'Daniel all the way.

Last month, by a margin so narrow (less than 1,100 votes) that it won't be official until another canvass is taken, chubbly, grinning showman W. Lee O'Daniel won a U. S. senatorial toga.

If you still have any wonder that congress and the "professional politicians" of Washington have cocked a curious eye in the direction of O'Daniel, let's turn the page and glimpse a little more of the picture.

When O'Daniel was inaugurated the second time, he tossed a gargantuan barbecue and searing on the coals, among other chunks of meat, was 2,000 pounds of buffalo that the governor had bagged himself on a south west Texas ranch.

Claiming that he was treated unfairly by the press, the governor jumped toward the publishing game himself with "The W. Lee O'Daniel News," a 25-cent weekly, all profits from which were to go to the Red Cross.

March on Washington?

Every Sunday morning, the governor did a radio broadcast that reached every corner of the largest state. His "hill-billy" orchestra played hymns and the governor spoke.

Added to verification, O'Daniel has delivered portions of official speeches in rhyme.

A sizable part of his campaign for the senate seat was reiterated promises to "twist the tails" of "pussyfoot-

'The Trial of Mary Dugan' Comes to Rialto on Sunday

Robert Young, Loraine Day Starred in Thrilling Drama

Robert Young, acclaimed the most consistently popular star in Hollywood, comes Sunday to the Rialto Theater teamed with Loraine Day in what is said to be the most powerfully dramatic picture of his career, "The Trial of Mary Dugan."

The actor takes the leading role in the new film following his performances in "The Mortal Storm" and "Western Union." He portrays a desperate young lawyer who must depend upon his legal skill to save his sweetheart from the gallows.

Miss Day, in the title role since being named the outstanding young actress in Hollywood in a poll taken in the film colony. She first won recognition for her Mary Lamont role in the "Dr. Kildare" series. Subsequently she sky-rocketed to the top in "My Son, My Son," "Foreign Correspondent" and "The Bad Man."

Rainbow Fun on High Level-65 Story Plane

By GEORGE TUCKER
NEW YORK — Night club! The words conote gaiety, wine, entertainment! Come on, let's go!

Let's go to the Rainbow Room, one of the Big Seven in New York. It's high. It's 65 stories above the sidewalks of New York. Sixty-five stories make 800 feet. But these elevators go fast. They get you there in 36 seconds. They're the fastest elevators in the world. They go 1,400 feet a minute.

Feel that pressure against your ears? Just like a plane. You have to swallow to get rid of it. The elevator operators, like the airline hostesses, ought to provide you with cotton or chewing gum.

"Rainbow Room to the right," cries the elevator operator, sliding back the door.

Garden in Sky

You turn right, and you walk into a vast open lounge that has small botanical gardens behind plate glass walls. In these gardens are walks of real flagstone, and ivy, and dwarfed shrubs, and fountains.

You can stand in this lounge and see the whole, painted fantasy of the city at night. . . Millions of soft, twinkling lights, and Central Park, and the river smoke and the haze. . . You can read neon signs and you can look down and see uninterupted streams of little toy automobiles, far below.

Then you turn right again, and you come to the Rainbow Room itself. I suppose its name comes from its colors, for its decor is soft rose and gold. The rose is faint, almost a blush, and there are vases on the tables that remind you of the crystals used by mystics.

High Links

There is a chandelier as large as a Christmas tree suspended above the oval floor. This floor can revolve, when they want it to. Sometimes they place a piano on the rim of the oval, and a girl sings and plays while the floor revolves. . . In this way, she passes right by you, and sings just to you. It's almost like getting a personal letter.

When the show goes on you see just about everything there is to see in the way of sophisticated supper club talent. . . You see the finest of ballroom dancers, the name teams, the Raye and Naldi's. . . You see Paul Draper, who is the greatest tap dancer in the world. . . You see the clowning Hartmans. . . You see hillbillies, magicians, even table tennis experts putting on a match. . . Not all at once, mind you. . . But that is the level, and a high level it is.

And there are the always entertaining orchestras. . . Now you swing it, now you rumba. . . One moment it's Tin Pan Alley, the next it's gaudy and chants and the inexplicable rhythms of the West Indies on a soft summer night.

That's the way it goes, along with the food and the wine and the service.

Yes sir, that's it. That's night club! New York!

carpenters merely want to avoid paying the \$50 initiation fee, which has been in effect in the Texarkana union for three years. The fee does not have to be paid in cash, he explained, but can be paid as the men work on the job.

The Texarkana business agent said that probably the reason Hope has not been granted a charter is that they applied after the contract for the proving ground project had been awarded, and after union jurisdiction had been granted to Texarkana. If the Hope carpenters are not granted a charter at present, their \$15 fee will be returned, he said.

Bentley declared that he has tried to help settle the discontent among Hope carpenters because of the threat from organization by CIO representatives, who, he said, are already on the job.

Protection for Iceland Force

U. S. Policy to Keep Sea Lane Open, Roosevelt Says

WASHINGTON —(P)— President Roosevelt declared Friday that it was the policy of the United States to defend Iceland and also to afford protection for the American garrison in the north Atlantic island.

"Therefore," he said, "it is our policy to keep open a free lane to Iceland."

He added that no one in the press conference room could define the threat of attack and said it was felt by military authorities who have the best knowledge of defense needs of the nation and Hemisphere that possible occupation of Iceland by an unfriendly power would be a serious blow to national defense and hemisphere defense.

"So it is necessary to keep out any hostile power," he said, adding that occupation was only partially completed.

"In other words," he said, authorizing a direct quote, "I do not think it is right that I should pull a Wheeler."

Special Service at Tabernacle

Rev. Vandermerwe to Fill in for Rev. Hamill

Coming to Hope Sunday for two special services is the Rev. Stephen Vandermerwe, known as "the white man from dark Africa." Mr. Vandermerwe, who was born and reared in South Africa, and whose father and brothers fought in the Boer war will appear at the Hope Gospel Tabernacle in the absence of the pastor, the Rev. J. E. Hamill, who is in Bakersfield, Calif., conducting a revival meeting.

The Rev. Vandermerwe came to America when a young man, entered the ministry in this country. He later married an American girl and the two of them returned to South Africa in 1931, where they spent several years preaching to the whites of that country. The Assemblies of God have a number of great churches in that section, Tabernacle officials said.

Upon returning to this country in 1937, the Vandermerwes became pastor of the First Assembly of God church, Fort Worth, Texas, where he remained until he was called to Mail-vern last fall.

The Rev. Vandermerwe will speak at 11 a. m. and 8 p. m. at the Tabernacle on North Main and Avenue D.

State Aid Given to County Fair

\$590 for Hempstead; Other Counties Get Share

Hempstead county's share of the \$35,000 state appropriation for livestock shows, which will go to the Hempstead County Fair association headed by A. W. Stubbeman, is \$590.32. The distribution was announced Thursday night by Earl Page, state treasurer.

Top appropriation for the entire state was \$15,000 to Pulaski county, home of the Arkansas Livestock show, headed by Col. T. H. Barton of El Dorado.

Appropriations for southwest Arkansas counties follow:

Howard county, Langston Cassidy, chairman, \$350.

LaFayette county, A. C. Cross, chairman, \$350.

Nevada county, J. R. Bemis, chairman, \$390.10.

FCC Grabs Newspaper-Radio Hot Potato

WASHINGTON — The seven-man Federal Communications Commission, bossed by anti-monopolist James Lawrence Fly, has shown an electrician's penchant this year for sticking its collective hand into transformers labeled "dangerous," and will do a standing broad jump into another coil of live wires.

July 23 it opens hearings to determine the extent to which newspapers will be permitted to own or control radio stations licensed to operate under the new FM-frequency modulation system of broadcasting and reception which largely eliminates static, fading and some of the other nuisances of the standard methods now in general use.

FCC has just completed a survey of newspaper participation in broadcasting. The results won't be announced until the hearings get going, but to get its data, the commission sent 900 long questionnaires to the nearly 900 radio broadcasting stations now licensed. Instead of asking newspapers how they were tied up with, and how they handled radio and radio news, the radio stations were asked how they were handled by the newspapers.

Ten Worriers

In brief, what the radio stations were asked specifically, was: 1—List of all the local and out-of-town newspapers in the radio area. 2—Whether newspapers charged radio stations for printing programs. 3—Relations between newspaper advertising and radio advertising departments. Included information on rates charged one by the other for space or time. 4—Relations between newspaper and radio publicity and promotional activities, and how these are paid for. 5—Full information on news broadcasts used by the radio stations. 6—Station methods of obtaining local news. 7—How news broadcasts are edited and sponsored. 8—Name of every person working for the radio station who is in any way connected with a newspaper, and what his duties are. 9—Business connections between radio station and newspaper. 10—Degree of consultation between radio station and newspaper managements on matters of policy.

The broad nature of this inquiry and the detail of the information requested, down to the names of individual employees mixed up in both radio and newspaper, gave the tipoff to what the FCC is looking for. What it apparently fears is that your favorite newspaper or any other newspaper will get some kind of nefarious control over all the methods of news dissemination in the community, and thereby work against the public interest.

While the commission insists that its forthcoming hearings are to be unbiased, and solely with the view of determining what its future policies should be in granting radio station licenses to newspapers, the fact remains that its policy in the past has been to give preference and to grant radio station licenses to non-newspaper organizations whenever a newspaper and a non-newspaper company have both been applicants for permits in the same territory.

Licenses already granted to newspaper-owned or -controlled stations are not to be disturbed, the commission declares, but as station licenses are granted for only one-year periods, a change in policy could mean that as licenses expired they might not be renewed.

In the existing field of standard broadcast, the commission declares that more than a third of the stations now operating are identified with newspapers. It is this third that might be hit hardest should the FCC embark on some new policy. In more than 50 localities, the only radio outlet is in the control of the only local newspaper.

Newspapers Will Be There

While the FCC is obtaining its basic information on the relation between newspaper and radio station from the broadcasters, this does not mean that only the radio men will be represented at the hearings. The newspaper men will have too, particularly those who have interests in existing stations and those who have applied for licenses.
